

MESSAGE FROM SECRETARY GENERAL

Dear Delegates

It is matter of immense gratification and pride to welcome you all to the Second Edition of CAMBRIDGE COURT MUN 2018. On behalf of the CAMBRIDGE COURT MUN secretariat, I am more than excited to bring you a unique learning opportunity on the last weekend of June i.e. June 30th and July 1st

This year, we present 3 exciting committees to you. The benefits you get from participating in the MUN are endless. MUN forces you to think carefully about things you may have dismissed as being of no relevance to you. It helps you conquer your fear of public speaking. It makes you sympathetic to different worldviews. It makes you skilled players in the fine art of diplomacy. And most important of all, it makes you become better, more compassionate human beings who are also capable of solving problems through deliberation, negotiation and compromise instead of aggression and violence. MUN is a not only a great opportunity for intellectual growth, it is also loads of fun! I sincerely hope that every single delegate takes away something valuable from the 2 day conference, whether it be a newfound friendship, a newly discovered passion or, simply a greater knowledge of the current issues around the world. It is my greatest wish that through CAMBRIDGE COURT MUN 2018 all delegates will “See the past, Live the present, Be the future” in their own environment as well as when they are striving to reach their future goals and dreams.

Priyam Shukla

Secretary General
